

RECYCLED + UV RESISTANCE

HAGER GROUP

OUTDOOR ELECTRICAL SOCKET

AVIENT SOLUTION

Maxxam™ REC Recycled Formulation

WHY AVIENT?

- Expedited the approval of Plastic Bank as a new supplier
- Formulated custom materials with recycled ocean-bound plastic (Social Plastic®) from Plastic Bank
- Provided functional replacements for the previous virgin polyolefins with comparable performance
- Enabled Hager to launch new cubyko leaf outdoor sockets and switches to market containing 27% recycled materials

LEARN MORE

KEY REQUIREMENTS

- A more sustainable, recycled formulation
- Similar performance to current virgin polyolefin including:
 - Good UV, scratch, and impact resistance
 - Reliable coloration to RAL 7011 and RAL 7035
 - A matte finish
